Dear Parents,

Our school runs a parent tutor reading program which helps children who need extra help developing their speed and fluency in oral reading. Over the last three years, we have noticed that this program really is working and is making a difference to improving children’s reading levels. We would like to continue parent tutor reading in 2016.

Selected students will work individually with a parent four times a week, in short sessions of 15-20 minutes for at least 6 months.

We need parents to volunteer time in the afternoons to assist these students. If you would like to volunteer, you will be given a short training session to show you how to work with individual students.

Here is a great chance to give our school the gift of a little of your time - and make a real difference in your community.

Kind Regards!
